

A Level and GCSE Exam Results Summer 2020

As a school we have had to endure (and I use the word endure quite deliberately) an absolute debacle of a Summer Exam Results season. The only consolation is that we have not been alone. The national picture as well as the situation in Scotland, Northern Ireland and Wales has been equally as bad. When we should have been celebrating we have been making a plan to deal with the latest Government U – turn or policy change made on the hoof! It has not been easy and we have felt very sorry for our students and their families. Having said all of the above our students have enjoyed some excellent results in very difficult and unprecedented times.

A Level

A* - A pass rate was 37%

A* - B pass rate was 69%
