Year 8 News

January 2026

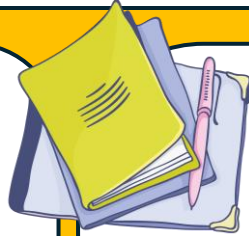

Head of Year Message

The New Year is here, and with it comes a chance to raise the bar. Think about the person you want to be by the end of this year—what will it take to get there? Every lesson, every choice, every habit matters.

This term is about action:

- Push yourself in class.
- Stay organised and ready.
- Support each other and show kindness.
- Keep your body active and your mind sharp.

Small steps lead to big results. Make this term the one that sets the tone for the rest of the year. Your future self will thank you.
